"QUALCAST" LAWN MOWERS

MODEL "D."

MADE IN ENGLAND
AND GUARANTEED FOR 3 YEARS

by

Derwent Foundry Co. (1920) Ltd.
DERBY.

THE DERWENT FOUNDRY Co. (1920) Ltd., have pleasure in announcing that their popular Model "C" Lawn Mowers have now been fitted with Bronze Bearings on all sizes above 10 ins.

The Company have also introduced two new models, one a High Wheel Machine and one a Roller Machine. Full particulars are given in this list.

In accordance with the practice of the Company all the Models are guaranteed for 3 years (see page 11).

Derwent Foundry Co. (1920) Ltd.

"QUALITY."

Branches : Paris, Brussels, Auckland,
Melbourne, Sydney, Johannesburg.

WE claim to have the largest and most up-to-date plant in Europe for the manufacture of Lawn Mowers. There are no superfluous gadgets which increase costs and serve no purpose about our machines.

Lawn Mowers are built to cut grass easily and smoothly. Each machine is inspected twice before packing and is adjusted to cut paper (which is much thinner than grass) and to run by its own weight down a slope of one in seven.

We have given special attention to service to users and shall always be pleased to hear from them and advise on their problems connected with Lawns and their upkeep.

Should an accident occur to a

spare parts can be had in 24 hours.

Every part made in England and guaranteed for 3 years against defective materials and workmanship.

MODEL "C."

SPECIFICATION.—Driving wheels 7ins. diam. by 1¼in. tread. Cutting Cylinder 5in. diam. fitted with 5 blades best Sheffield Steel. Lip edge section bottom blade. Spanner supplied which fits all nuts. Attractively finished in Qualcast Blue and each machine packed in a separate box.

NOTE.—The 12in. and 14in. machines are fitted with Bronze Bearings.

Grass Boxes extra.

MODEL " C. "

BETWEEN October, 1922, and March, 1923, we sold over 30,000 of this model. It is specially designed for easy running and close cutting, and will cut closely enough for either a tennis lawn or cricket pitch.

Width of Cut	...	8in.	10in.	12in.	14in.
Price of Machine		38/-	40/-	42/-	44/-
Price of Grass Box		10/-	10/-	10/-	10/-

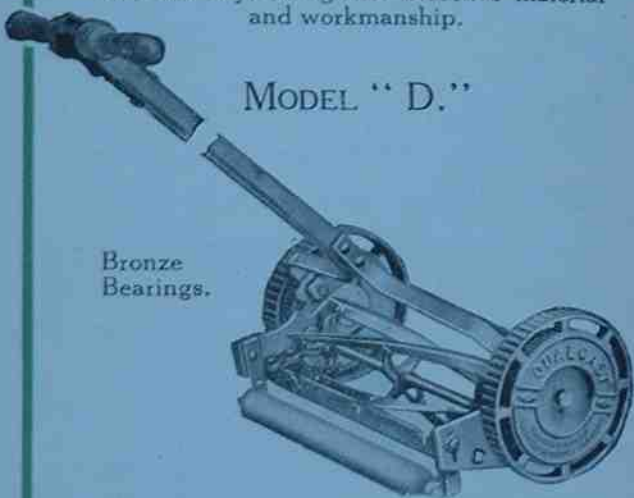

*NOTE.—12in. and 14in. Machines
 are fitted with Bronze Bearings.

DERWENT FOUNDRY CO. (1920) LTD.

Every part made in England and guaranteed for 3 years against defective material and workmanship.

MODEL "D."

Bronze Bearings.

SPECIFICATION.—Driving wheels 9in. diam. by 1¼in. tread, tread made with extra deep serrations to get a good grip on rough ground. Cutting Cylinder 5½in. diam., fitted 5 blades of best Sheffield Steel. Lip edge section bottom blade. Bronze bearing with single screw adjustment and locking nut fitted to all sizes. Finished attractively in Qualcast blue and each machine packed in a separate box.

Can be fitted with Grass Box.

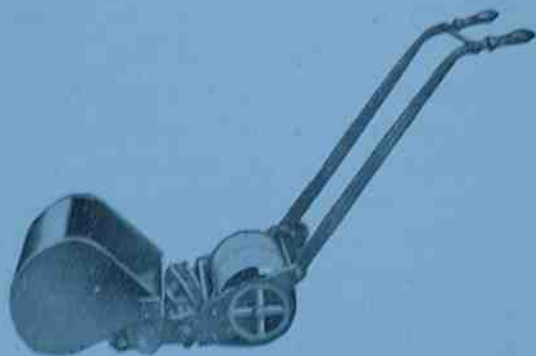

MODEL " D. "

THIS Machine is of the High Wheel Type and has been brought out specially to deal with the rough stuff such as one gets amongst trees in orchards, &c. Where one had to employ a man to scythe it in the past, a Model " D " over it once a fortnight will keep it down and make it look better. It will also cut as closely as the Model " C " and will deal comfortably with grass 8in. high.

Width of Cut	...	10in.	12in.	14in.	16in.
Price of Machine		46/-	48/-	50/-	52/-
Price of Grass Box		10/-	10/-	10/-	10/-

This Model is fitted with Bronze Bearings.

Every part made in England and guaranteed for 3 years against defective material and workmanship.

“ QUALCAST MAJOR.”

SPECIFICATION.—Laminated steel chain drive on Malleable Iron Sprockets. Cutting Cylinder 5in. diam. fitted with 8 blades of best Sheffield Steel on 3 Malleable Iron spiders. Bottom blade of Lip edge section. Split bronze bearings. Wooden handle grips. Height of cut regulated by hand wheel adjustment, no spanner needed for this. Painted attractively in Qualcast blue and supplied complete with Grass Box.

“ QUALCAST MAJOR.”

Every part made in England and
guaranteed for 3 years against de-
fective material and workmanship.

THIS Machine is undoubtedly the premier of its class. It is made in 12in. size only and fitted with all metal grass box. It will cut a bowling green with ease, and runs so lightly that one man can use it, and so we make no provision for a towing rope. The handles are adjustable to suit the height of user.

Price - £6 10s. 0d.

THE DERWENT FOUNDRY Co., which was reconstructed in 1920, has been in existence for over 100 years.

ITS FOUNDRIES are equipped with the most up-to-date moulding Machinery and have a reputation for finely finished castings.

LAWN MOWERS, which require accuracy and close finish, are made throughout at the Company's Works at Derby, the aim of the Company being to produce a popular priced mower, and thereby oust what has hitherto been practically an American monopoly.

English labour and English materials only are employed throughout.

COPY OF GUARANTEE

supplied with all machines.

THIS IS TO CERTIFY that this "QUALCAST" Mower has been made throughout by the Derwent Foundry Co. (1920) Ltd. at their factory in Derby, England, and is guaranteed for three years from date of retail purchase, against breakage due to faulty material or workmanship provided that it shall remain the property of the first retail purchaser. The full terms and conditions of this guarantee are hereunder.

1. The guarantee does not apply to defects due to wear and tear, misuse or neglect, nor to faulty adjustments by the user.

2. If a defective part should be found in this machine it must be returned to us carriage paid, accompanied by an intimation that it is desired to have the part dealt with under our guarantee and at the same time we must be furnished with the name of the Agent from whom purchased, date of purchase and size of the machine.

3. We guarantee only new machines purchased through a recognised retail store.

4. Under no circumstances do we guarantee any part from which our trade mark or identity numbers have been removed.

5. Failing compliance with the above the guarantee is not enforceable, and any goods received will lie at our works at the sole risk of the sender.
